FEATURES

Governance

The church is governed by a male elder board in which the Pastor in-charge is considered as the first among equals. Monthly board meetings would review matters on spiritual health, finances, missions etc. The appointment of an elder will follow the scriptural guidelines (1 Tim 3; Titus 1) in addition to going through the doctrinal understandings in more formal manner. Apart from the Elder Board, the church will have some paid staff and would rely much on time and talent being volunteered to the working out of weekly activities. A day and time is set aside for the 'working committee' to deliberate the aspects (praise and worship, announcements, preaching etc.) of the worship service from the previous Sunday and prepare for the following Sunday.

Stewardship

The giving on Sunday's and otherwise is considered as 'stewardship'. We believe that the NT teaching on giving is towards individuals cheerfully extending their resources thereby exercising their faith in the work of the church and therefore participating in expanding the Kingdom of God. Financial integrity and accountability is of high priority in the church. By all means transparency of the book keeping/accounts would be in place, allowing for a member to access it for a valid reason. From time to time (preferably each quarter) the financial health of the church will be presented to the members.

Worship

We believe the whole time spent in the presence of the Triune Lord on a Sunday Worship service or any other community gathering is centred on him. Which would mean singing, preaching, teaching, fasting, studying and giving are drawn from him and yielded back towards him as a response, being his children.

Primary Ministries

We believe that discipleship is key to the Great Commission and these would happen through the pulpit ministry and the 'Life Group'. The 'Life Group' would essentially be a community in which we become vulnerable and available, being influenced by studying the Word of God. These would include the ministry to children and young adults.

Secondary Ministries

These are ministries which happen from time to time addressing Parenting, Marriage, Book Studies and the like.

Membership

All are welcome to be members of the community of Faith. Those desiring membership require to align with the mission, vision, values and beliefs of the church, which will involve attending a membership class. It is further acted upon by actively and regularly participating in the Sunday services, Life Groups and by exercising Biblical stewardship.
